In our 40th year of polling our readers for their favorites of the year, we are overwhelmed by the continued growth of responses via mail and online. (We only accept original and online ballots that are signed and postmarked by the deadline.)

The Walking Horse Report staff works extremely hard to maintain the integrity of the poll and feels strongly that the Walking Horse Report Readers' Choice is one of the highest honors our industry can bestow. It's a great honor to be recognized for your accomplishment by your peers.

To all of our Readers' Choice champions and reserve winners, we offer our most sincere congratulations. We thank you, our readers, for taking the time to fill out your ballots and let your voice be heard.
