

July 23, 2019

The Honorable Members of Congress
United States House of Representatives
Washington, DC 20515

Dear Members of Congress:

Please accept this letter as a statement of opposition to H.R. 693, the Prevent All Soring Tactics (PAST) Act by the Kentucky Farm Bureau and Tennessee Farm Bureau.

The PAST Act is misleading in its strategies and purpose and sets a dangerous precedent for animal agriculture. Please take the time to review it closely and understand this initiative and the agenda of the Humane Society of the United States (HSUS). While the PAST Act expressly targets Walking Horses, this push by the HSUS brings to question which segment of animal-based agriculture will be targeted next.

Supporters of the PAST Act argue the bill will "eliminate soring" within the Walking Horse Industry. However, soring is essentially nonexistent today. The bill professes to end soring by banning hoof pads and action devices which are used in Walking Horse performance shows, and implies such items cause soring. Hoof pads and action devices do not cause soring. Hoof pads are used to provide protection from ground force, to accentuate movement, and balance motion. These pads are used in many breeds other than the Walking Horse including the American Paint Horse, American Quarter Horse, American Saddlebred, and Morgan breeds. An action device is a band/chain weighing six (6) ounces or less. We are not aware of a study that indicates action devices or pads produce pain or cause tissue damage.

The Tennessee Walking Horse is the most inspected horse in the world. The industry and its shows maintain a compliance rate with the Horse Protection Act that averages 92-95%. This rate is significant considering the inspection process today is almost 100% subjective.

The PAST Act eliminates the organizations established by Congress in the original Horse Protection Act called Horse Industry Organizations (HIOs). These independent organizations provide inspectors for shows and are trained and certified by the U.S. Department of Agriculture (USDA). Without HIOs, the PAST Act requires an increase in the USDA's workforce as well as additional employees for the U.S. Department of Justice. The Congressional Budget Office numbers reflect this cost.

We urge you to not accept the mistreatment claims from years past as true today. Visit a Walking Horse farm and see the horses. Visit with a horse owner, trainer, farrier and their veterinarians. Contact your state Farm Bureau, the Tennessee Farm Bureau or the Kentucky Farm Bureau if you want assistance arranging a visit or tour.

We urge you to oppose H.R. 693.

Thank you for your consideration of this information.

Sincerely
